			2 Analyse and find an optimal solution to the transportation problem.
			3 Gain knowledge on the game theory and simulation techniques, CPM, PERT to analyse the real life business situations.
9	Introduction To Computers –Ms Word	U17CMPS1	1 Create, Edit, and Format documents using MS Word effectively.
			2 Prepare their resume.
			3 Write official letters.

Sl. No.	Name of the Course	Course Code	Program Specific Outcomes (After completing this course, the students will be able to)
10	Principles Of Commerce	U17CM3E1	1 Gain knowledge about Industry and Commerce.
			2 Differentiate the various forms of organization.
			3 Comprehend the facilitators of trade.
11	Cost Accounting	U17CM405	1 Describe the importance of cost ascertainment, reduction and control of Material, Labour and Overheads.
			2 Comprehend the costing technique for each element of cost.
			3 Calculate the cost of the products and services.
12	Business Law	U17CM4:1	1 Exemplify the fundamentals of contracts.
			2 Comprehend basic knowledge in general and special contracts.
			3 Apply the Laws and principles in a variety of functional areas of business.
13	Retail Management	U17CM4:2	1 Know various forms of retailing businesses.
			2 Gain knowledge in the practical analysis in trading, inventory management, and to analyse critical elements of retail stores operations.
			3 Apply skills for store keeping strategies.
14	Corporate Accounting	U17CM4Y6	1 Gain insights on Share capital and its treatment.
			2 Prepare accounts of the companies in the nature of Amalgamation and Reconstruction of companies.
			3 Make presentation of accounts to the stakeholders.

Sl. No.	Name of the Course	Course Code	Program Specific Outcomes (After completing this course, the students will be able to)
15	Computer Tools – Spread Sheet	U17CMPS2	1 Know the basics and fundamentals of Excel sheet.
			2 Comprehend the Functions and formulae's in MS Excel.
			3 Creating new presentations using templates.
16	Principles Of Management	U17CM4E2	1 Acquire knowledge in Business and Management.
			2 Analyze the techniques of planning, organizing, directing and controlling.
			3 Apply Skills in coordinating the Teams.
17	Income Tax Law And Practice	U17CM506	1 Apply the concepts of taxation in general and income tax in particular.
			2 Know the various Heads in Direct Tax.
			3 Calculate tax under different heads.
18	Business Management Practices	U17CM507	1 Differentiate Administration and Management.
			2 Explain the functions of management.
			3 Coordinate effectively with group and Teams.
19	Computers In Business	U17CMP08	1 Gain knowledge in the basic concepts of Tally.
			2 Create Ledgers, Accounting Vouchers and Inventories
			3 Comprehend the use of GST using Tally.

Sl. No.	Name of the Course	Course Code	Program Specific Outcomes (After completing this course, the students will be able to)
20	Financial Management	U17CM509	1 Gain knowledge about Objectives of Financial management.
			2 Calculate working capital management, capital budgeting cost of capital and leverages.
			3 Comprehend the sources of finance, Theories of Capital structure and dividend policies.
21	International Trade	U17CM5:1	1 Familiar with the basics of international trade Policies pertaining to International trade.
			2 Describe the theories of international trade.
			3 Analyse the international institutions supporting foreign trade.
22	Advertising Management	U17CM5:2	1 Know the role of advertising in commercial endeavours.
			2 Illustrate advertising agencies.
			3 Identify recent trends in advertising.
23	Soft Skills	U17CM5S3	1 present themselves in an effective way and to perform in Interviews
			2 Apply the basic etiquettes and manners
			3 Proficient in soft skills.
24	Business Mathematics	U17CM610	1 Get adequate knowledge of Business mathematics.
			2 Develop Mathematical Aptitude
			3 Apply the concepts in making business decisions.

Sl. No.	Name of the Course	Course Code	Program Specific Outcomes (After completing this course, the students will be able to)
25	Management Accounting	U17CM611	1 Acquire knowledge in the concepts of Management Accounting.
			2 Prepare of Fund flow and cash flow statements.
			3 Apply the techniques to develop skills for decision making to a given accounting situation in business.
26	Financial Services	U17CM612	1 gain the Concepts of Indian Financial System and its Components.
			2 become familiar with the functioning of Various Financial Markets
			3 Identify the role of Capital Market and SEBI in the Financial System.
27	Auditing	U17CM613	1 Ascertain the principles of auditing and its classification.
			2 Exemplify the procedure in Vouching, Investigation and Appointment of auditors.
			3 Discover new areas of auditing.
28	Indirect Taxes	U17CM6:1	1 Engage with the basics rules pertaining GST in India.
			2 Gain knowledge in Levy and collections of GST.
			3 Apply the registration Procedures under GST law.
29	Entrepreneurial Development	U17CM6:2	1 Know more about contemporary issues and shifts in entrepreneurship development in India.
			2 Identify the policies and procedure before starting a new venture.
			3 Develop the skills to become an entrepreneur.

B2. Course Outcomes of all Programmes Offered by the Department

Name of the Programme : B.Com. C.A.

Sl. No.	Name of the Course	Course Code	Program Specific Outcomes (After completing this course, the students will be able to)
1	Financial Accounting-I	U18CC101	1 Acquire knowledge on the basic concepts and conventions of accounting.
