Respected Sir/Madam,

It is a wonderful honour and source of delight for me to briefly mention your earnest efforts and assistance in obtaining high-quality results and it is a great thing to learn about XRD, UV, and PL analysis. With the quality results I obtained, my report gained good weightage. The staff of the instrumentation is being so nice and possesses good knowledge and experience. In the future also I am expecting lots of support and cooperation from your "Heber Analytical Instrumentation Facility".

Thanking you.

Yours sincerely,

(M. Aashna Sharin)
