

Institutional Distinctiveness

As the vision of the institution focuses on catering to the educational needs of all, especially the poor the needy and the under-privileged students, the foundation of its institutional distinctiveness is based on purely social service through education. Hundreds of poor, needy, and under-privileged students are admitted and trained across the academic programme matrix of the institution every year. While the institution, under the direction of magnanimous and magnificent management members, with the dedicated dynamic and duty minded staff members caters a high quality of academic environment and value-added intellectual exposure and experience to all its students. It thoughtfully extends its helping hands to the poor, the needy, and the under-privileged students, to provide the above stated educational needs and benefits at free of cost with philanthropic attitude. These poor, needy, and under-privileged students perform well in their studies on par with any other student of the community. Considering the students' socio-economic status, the institution accordingly provides them the needed educational support at various levels such as provision of admission with hundred percent fee waiver, provision of fee concession, provision of free boarding and lodging, provision of free study material, provision of special counselling and provision of other needed supports. The distinctiveness of the institution is being celebrated mostly and greatly by encouraging the poor, needy, and under-privileged students with genuine philanthropic attitude.
