

BIOINCUB

Prelude

The Department of Biotechnology seeks to initiate an incubation center to nurture innovation and entrepreneurship for our student community. The aim is to encourage entrepreneurship among with the college serving as focal points. It is a platform for developing novelty and entrepreneurial skills among students

objectives

1. To create jobs and business aligning with national priorities
2. To promote new technology/knowledge/innovation based startups.
3. To provide a platform for speedy commercialization of technologies developed by the host institution or by any academic/technical/R&D institution
4. To build a vibrant startup ecosystem, by establishing a network between academia, financial institution, industries and other institutions.
5. To provide cost effective, value added services to startups related to intellectual property related services.

Salient features and impacts

1. To encourage Entrepreneurship and innovation and incubation of ideas.
2. To establish-Zebra fish Husbandry
3. To synchronize research components and reach accomplishments of filling patents
4. The program will cater to the projects that solve problems and find solution to local needs (district and state) and global problems
5. To facilitate the students to get internships through the companies which are under incubation.

Events organised

- State level work shop on zebrafish handling and applications
- Training II and III UG students in zebra fish maintenance

INAUGURATION OF BIOINCUB 20.12.23

WORKSHOP FOR II AND III B.Sc. BIOTECHNOLOGY
